

Tens and Ones (2)

1. Complete each part-whole model and write four number sentences that match.

$$\begin{array}{ccccccc} \underline{\hspace{1cm}} & + & \underline{\hspace{1cm}} & = & \underline{\hspace{1cm}} \\ \underline{\hspace{1cm}} & + & \underline{\hspace{1cm}} & = & \underline{\hspace{1cm}} \\ \underline{\hspace{1cm}} & = & \underline{\hspace{1cm}} & + & \underline{\hspace{1cm}} \\ \underline{\hspace{1cm}} & = & \underline{\hspace{1cm}} & + & \underline{\hspace{1cm}} \end{array}$$

$$\begin{array}{ccccccc} \underline{\hspace{1cm}} & + & \underline{\hspace{1cm}} & = & \underline{\hspace{1cm}} \\ \underline{\hspace{1cm}} & + & \underline{\hspace{1cm}} & = & \underline{\hspace{1cm}} \\ \underline{\hspace{1cm}} & = & \underline{\hspace{1cm}} & + & \underline{\hspace{1cm}} \\ \underline{\hspace{1cm}} & = & \underline{\hspace{1cm}} & + & \underline{\hspace{1cm}} \end{array}$$

$$\begin{array}{ccccccc} \underline{\hspace{1cm}} & + & \underline{\hspace{1cm}} & = & \underline{\hspace{1cm}} \\ \underline{\hspace{1cm}} & + & \underline{\hspace{1cm}} & = & \underline{\hspace{1cm}} \\ \underline{\hspace{1cm}} & = & \underline{\hspace{1cm}} & + & \underline{\hspace{1cm}} \\ \underline{\hspace{1cm}} & = & \underline{\hspace{1cm}} & + & \underline{\hspace{1cm}} \end{array}$$

2. Match each number to the correct number sentence.

14

Forty

24

4 tens and
1 one

$40 + 0$

$40 + 1$

$20 + 4$

$10 + 4$

3. Represent each sentence in a part-whole model and as a number sentence to show the total.

- Ben has 12 sweets and Mary-Kate has 5 sweets.

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

- Aisha has 24 stickers and Jane has 31 stickers.

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$
